The International Federation of Podiatrists is an international not-for-profit association since 1947 focused on global leadership and the development of podiatric medicine around the world. Working together collaboratively with leaders of the podiatry profession, the Federation enhances the podiatric profession through the sharing of knowledge, practice and research among 28 member associations.

The World Congress Scientific Award is designed to highlight young talent in the Global Podiatry Community. The award is based on the scientific merit of applicants.
